

Abstract of the Disclosure

An interactive television program guide is provided. The interactive television program guide provides a user with the opportunity to select a 5 language for playing television programming and displaying program guide text. Television program audio in the desired language may be obtained from a SAP or digital audio track and played in the selected language. Television related information in the 10 desired language may be obtained from a digital track. If television program audio or related information is not provided in the selected language, the program guide may use a default language. The program guide may coordinate program guide display screen text with 15 languages available for television programs when the programs are broadcast to users.
